

"It's rare to find a company so in touch with its customers."

US Steel

"The most compelling aspect of the Procuri tool is its ability to compress our time-to-savings."

Newell Rubbermaid

"Procuri delivers that value with its easy-to-learn and easy-to-use solutions."

Eastman Kodak

"Although several systems have similar functionality, Procuri's was the most comprehensive and flexible."

ITT Industries

"The deal [Procuri's acquisition of CMSI] solidifies Procuri as a sourcing market leader."

AberdeenGroup

"Procuri continues to build momentum in creating value in Software-as-a-Service (SaaS) for sourcing and contract management"

AMR Research

"The company saved an estimated \$14 million over five years through enhanced visibility into contracts and compliance resulting in 571% ROI."

Toyota Motor Sales USA

"The company manages more than 10,000 supplier and customer contracts in the [TotalContracts] system, resulting in the elimination of unnecessary fees, improved pricing, and process efficiencies."

QUALCOMM

"After a turbulent market period with many consolidations, Procuri is proving to be a leader in the marketplace with an impressive track record and customer base."

Air France – KLM Royal Dutch Airlines

"Since the IT department has instituted Procuri's strategic sourcing solutions, our internal business partners are much more satisfied with our abilities to meet their sourcing needs quickly, reliably, and inexpensively. The department realized savings of \$560,000 in the first year alone."

Bank of America

Procuri's TotalSource solution and support team have enabled Sun to achieve **\$102 million actual cost savings**

versus a \$35 million target by providing superior support, supplier training, and strategy expertise for Sun's purchasing organization. This savings, coupled with the **fast, successful migration** from a previous provider, has reduced Sun's overall costs and increased its sourcing competency.
